

COMPETE FOR KONBIT!

Whether you are a fitness enthusiast, a food challenge competitor, or just someone who enjoys a good contest, you can parlay your participation in a competitive event into something that can help create a lasting impact in North Haiti by raising funds for Konbit Sante Cap-Haitien Health Partnership!

Competing for Konbit is easy. Create a Personal Campaign Page at tinyurl.com/konbitsantePCP and send the Page's URL to your friends, family members, and colleagues with a message that you are raising money for Konbit Sante by competing in an event. There is no need to gather pledges, money, or even names, as all of that is taken care of when donations are made through your Personal Campaign Page.

We admire the physical and mental strength and courage you possess that enables you to meet these amazing challenges. Thank you for considering using these gifts to help us continue our struggle to address the enormous obstacles to public health in North Haiti. For more information about Konbit Sante and its mission, please visit konbitsante.org.
